

Cyclix Networks Business-Connect™ Managed Services

Rev—170112

Cyclix Networks' Business-Connect Managed Services provides small, medium, and large enterprise business users with incredible price per minute rates, coupled with a state of the art integrated "free IP-PBX."

This plan allows the customer to take full advantage of all the features and flexibilities that SIP-Trunking offers to the world of communications, all bundled together in a "plug and play" no risk configuration.

Cyclix Network's industry leading redundant N-Plus™ architecture ensures your ability to communicate with your customers. In addition, failover features with Business-Connect provide connectivity and backup to alternate phone numbers in the event your IP network is not available.

Plan Overview

Each SIP Extension allows you one seat to dial with freedom...

- **Simple "all you can dial" per seat billing; there are no hidden fees or surprises**
- **No limit to the number of DID or Toll Free 800 numbers you can add to the plan**
- **No capital expense: there is no charge for the actual PBX.**

Business-Connect Managed Services is an excellent choice for the small, medium, or large scale business user. The plan will allow the enterprise to eliminate up front PBX capital expenses, realize significant savings, outsource all technology and its maintenance, and yet still experience the all the power and advantages of a modern SIP-Trunking based PBX.
